Measure Names

0

Sum of 0 and 0. For pane Sum of 0: Color shows details about Employment Type. The marks are labeled by Employment Type and % of Total Count of e_id. For pane Sum of 0: Color shows details about 0. The data is filtered on Action (Employee Residence), Company Location, Job Title, Action (Company Size) and Action (Experience Level). The Action (Employee Residence) filter keeps 57 members. The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Company Size) filter keeps 3 members. The Action (Experience Level) filter keeps 4 members.

Total Company by Size and Location

Company Size

- Large
- Medium
- Small

Measure Names

0

Sum of 0 and 0. For pane Sum of 0: Color shows details about Company Size. The marks are labeled by Company Size and % of Total Count of Company Size. For pane Sum of 0: Color shows details about 0. The data is filtered on Action (Employee Residence), Company Location, Job Title and Action (Experience Level). The Action (Employee Residence) filter keeps 57 members. The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Experience Level) filter keeps 4 members.

Total Company by Size and Location

Company Size

Large

Medium

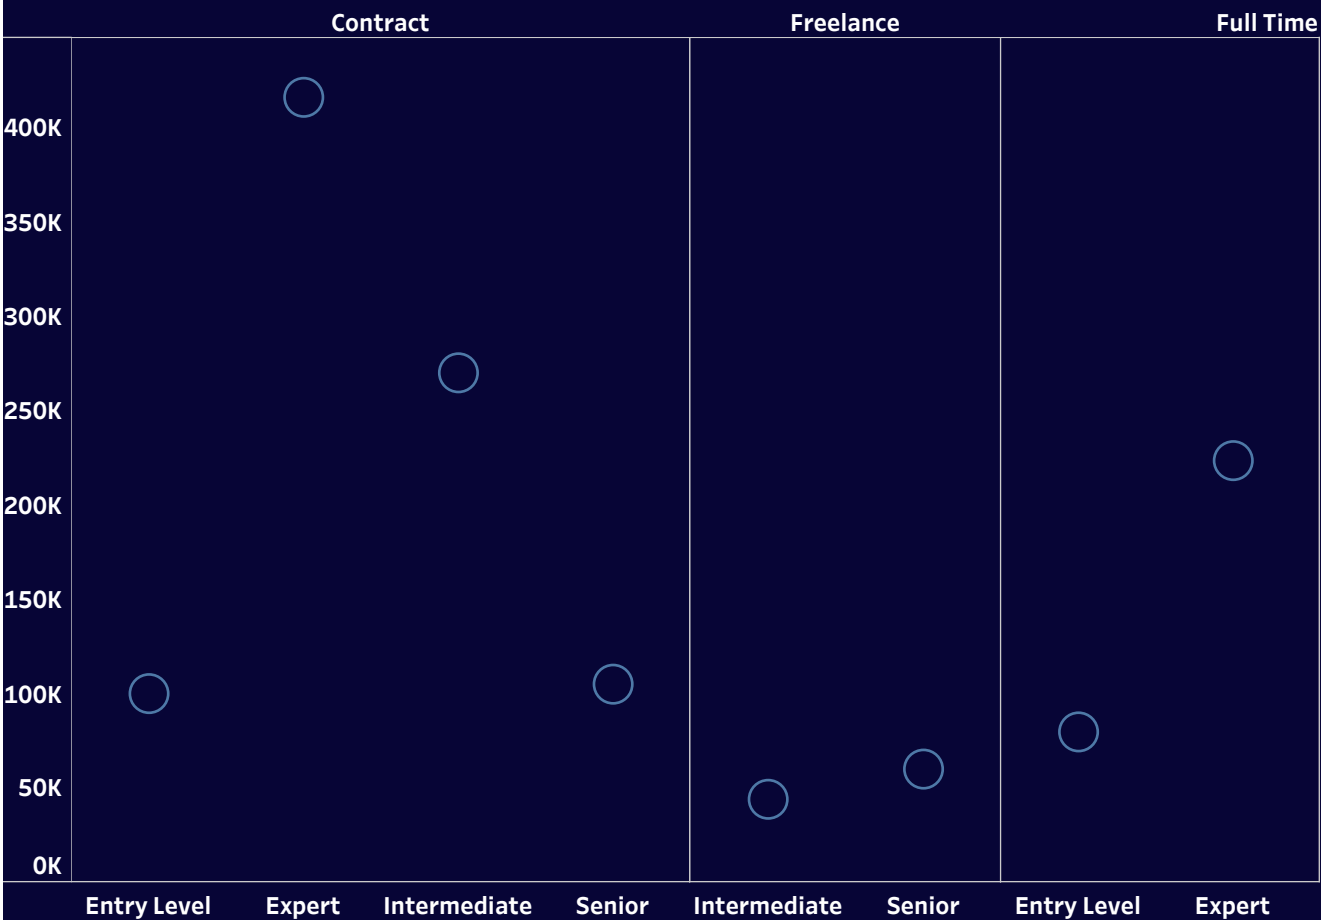

Small

Measure Names

0

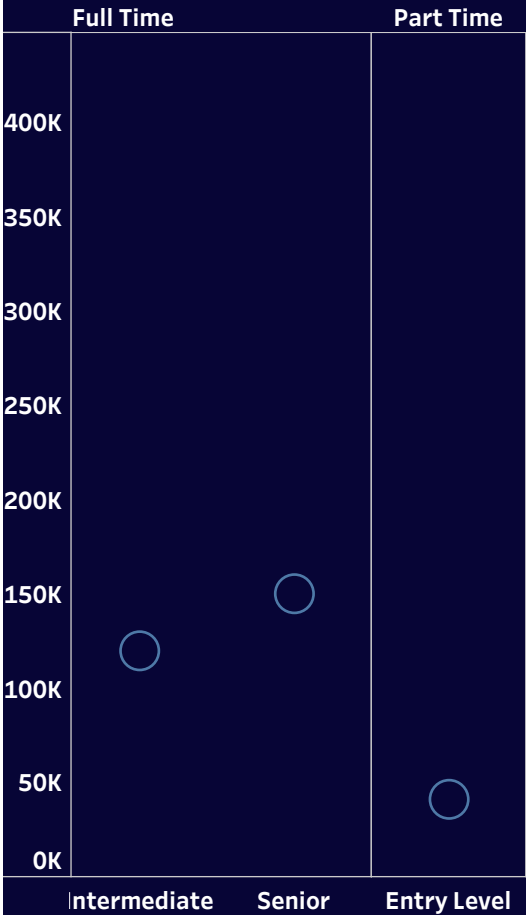

Sum of 0 and 0. For pane Sum of 0: Color shows details about Company Size. The marks are labeled by Company Size and % of Total Count of Company Size. For pane Sum of 0: Color shows details about 0. The data is filtered on Action (Employee Residence), Company Location, Job Title and Action (Experience Level). The Action (Employee Residence) filter keeps 57 members. The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Experience Level) filter keeps 4 members.

Average salary in USD by experience level and employment type

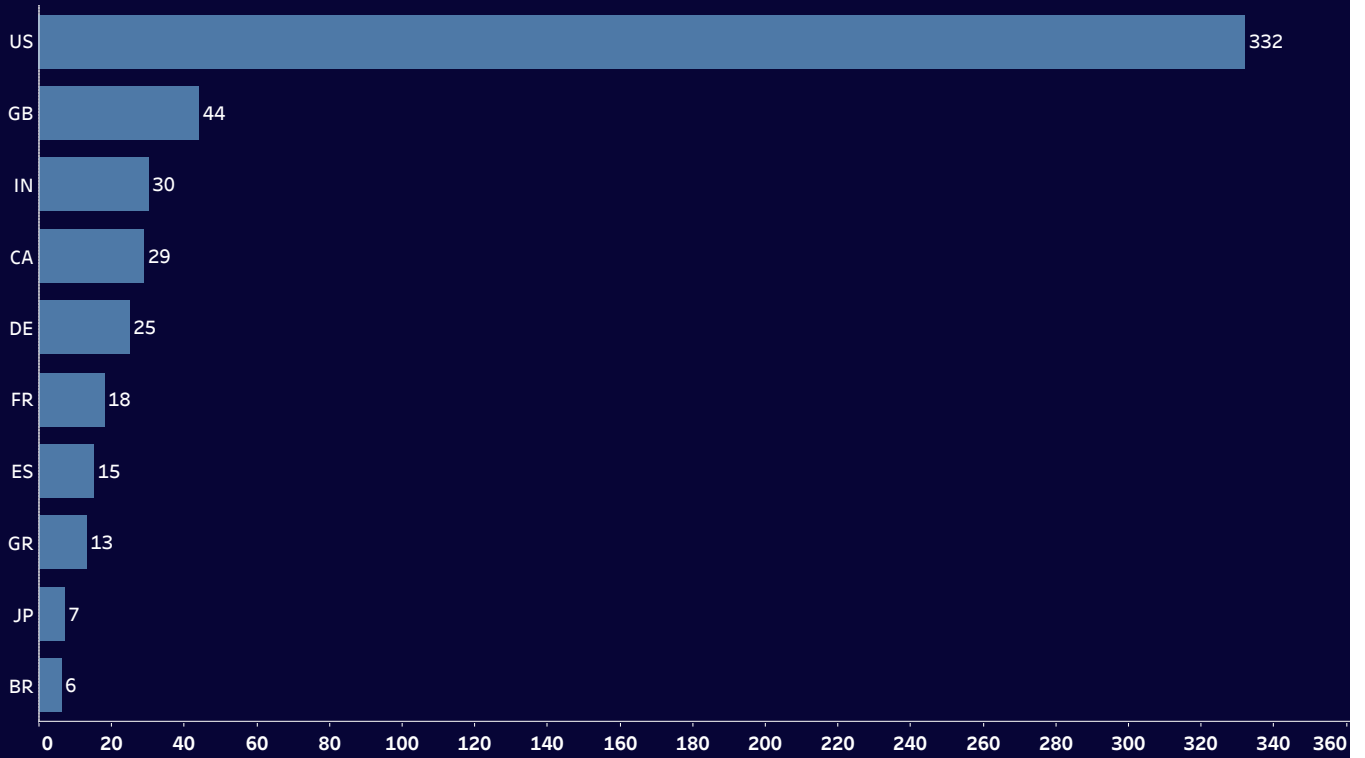

Average of Salary for each Experience Level broken down by Employment Type. The data is filtered on Salary Currency, Action (Employee Residence), Company Location, Job Title, Action (Company Size) and Action (Experience Level). The Salary Currency filter keeps USD. The Action (Employee Residence) filter keeps 57 members. The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Company Size) filter keeps 3 members. The Action (Experience Level) filter keeps 4 members.

Average salary in USD by experience level and employment type

Average of Salary for each Experience Level broken down by Employment Type. The data is filtered on Salary Currency, Action (Employee Residence), Company Location, Job Title, Action (Company Size) and Action (Experience Level). The Salary Currency filter keeps USD. The Action (Employee Residence) filter keeps 57 members. The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Company Size) filter keeps 3 members. The Action (Experience Level) filter keeps 4 members.

Top 10 Employee Residence

Count of e_id for each Employee Residence. The marks are labeled by count of e_id. The data is filtered on Company Location, Job Title, Action (Company Size) and Action (Experience Level). The Company Location filter keeps 50 of 50 members. The Job Title filter keeps 50 of 50 members. The Action (Company Size) filter keeps 3 members. The Action (Experience Level) filter keeps 4 members. The view is filtered on Employee Residence, which keeps 10 of 57 members.
